

Biography

Hydan strives to be one of the most versatile DJs in the Midwest. The Kansas City native's proficiency behind the turntables stems from his background playing piano professionally in his early years. Hydan took that music knowledge and translated those abilities to rocking the biggest parties and stadiums across the region. Currently, Hydan is the official DJ for the Kansas City Royals and Sporting Kansas City. Along with the KC sports teams, you can find Hydan performing at the most popular bars and nightclubs across several Midwest Cities. Hydan has the ability to effortlessly move through genres while also creating live mashups never heard before to ensure everyone at any event has the most intimate and inclusive experience.
